INDEPENDENT ACCOUNTANTS' REVIEW REPORT

To the Board of Directors
Dreams of Hope
Pittsburgh, Pennsylvania

We have reviewed the accompanying statements of financial position of Dreams of Hope (a nonprofit organization) as of July 31, 2011, and the related statements of activities and cash flows for the year then ended. A review includes primarily applying analytical procedures to management's financial data and making inquiries of organization management. A review is substantially less in scope than an audit, the objective of which is the expression of an opinion regarding the financial statements as a whole. Accordingly, we do not express such an opinion.

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America and for designing, implementing, and maintaining internal control relevant to the preparation and fair presentation of the financial statements.

Our responsibility is to conduct the review in accordance with Statements on Standards for Accounting and Review Services issued by the American Institute of Certified Public Accountants. Those standards require us to perform procedures to obtain limited assurance that there are no material modifications that should be made to the financial statements. We believe that the results of our procedures provide a reasonable basis for our report.

Based on our review, we are not aware of any material modifications that should be made to the 2011 financial statements in order for them to be in conformity with accounting principles generally accepted in the United States of America.

The accompanying summarized 2010 financial statements of Dreams of Hope were compiled by us. The objective of a compilation is to assist management in presenting financial information in the form of financial statements without undertaking to obtain or provide any assurance that there are no material modifications that should be made to the financial statements. Accordingly, we do not express an opinion or provide any assurance about whether these financial statements are in accordance with accounting principles generally accepted in the United States of America.
